## Who are we?

We are the Ibarra Sandoval family, made up of Daniel, Cesia, Eliana (6 years old), and Benjamín (4 years old). For the past two years, we have been serving with Lampeí Ministries, a ministry dedicated to church planting. Currently, the ministry has two churches in Morelia (Lomas and Canteras), as well as two Christian schools: one for kindergarten and elementary (Onelife Academy), and another for middle and high school (Aljaba Academy).

Specifically, we are working in both churches in Morelia, where Danny serves as a pastor in teaching, discipleship, counseling, and other areas. Meanwhile, Cesy primarily serves as a teacher at Onelife Christian Academy, She also leads a women's group on Tuesdays.

We are grateful for the opportunity God has given us to serve Him, and we are happy to share with you what these past two months have been like in our lives and ministry.

## Visit to Lampeí CDMX

In March, as a family, we visited Lampeí CDMX, where Dany had the opportunity to teach on Luke 12:49-59. We learned that the person of Christ compels us to define ourselves as His followers and to embrace the cost of identifying ourselves as His children.

## Parenting School Conference

As every year, during the month of March we held our Parenting School Conference, where topics such as effective parenting, anxiety, and wisdom in the use of technology were addressed. Dany taught on this last topic, sharing relevant statistics and encouraging us from a biblical perspective to connect with our children and to be wise in our use of electronic devices.

## Mission trip to Querétaro

Dany, along with David, visited different missionary brothers with whom Lampeí partners in order to learn how they are doing and what their needs are. It was encouraging to see the work God is doing in this city. We were able to encourage each other to continue in God's work.

## New discipleship program: *Come and See*

Dany, along with the team of pastors, has begun a new discipleship program aimed at raising up new leaders who can continue the work. The goal with this new discipleship program is to raise future leaders and missionaries from the local church. The harvest is plentiful, and workers are needed!

## Onelife participates in its First Student Convention!

After months of planning, rehearsals, and logistics, Onelife students participated in their first Student Convention with ACE, where they had the opportunity to discover and develop their talents in areas such as athletism, art, and music.

The initial plan was for the students to attend only as observers; however, Cesy, who coordinated this project, encouraged and challenged them to participate in different categories. The result was that five students competed in various disciplines—and all of them won medals! This was a great achievement, especially since it was their first time and because there were more than 600 competitors from other schools that week.

One standout participant was Karina, a young girl with a cognitive disability who nevertheless gave an outstanding performance, even reciting a poem in front of an audience of fifty people. It was beautiful to see her enthusiasm and desire to grow! She summed up her experience to her mother this way: **"I love the Convention!"**

## Women's retreat at Lampeí CDMX

Our sisters from Lampeí CDMX, the most recent church plant, organized their first women's retreat, and Cesy was invited to teach on Titus 2. There, they learned the importance of living in community and developing healthy vulnerability in order to teach other women and be taught themselves. It was a refreshing time in which each woman was also challenged to apply what they learned in their own home and marriage.

## Marriage meeting

As a couple, we shared the teaching at the bimonthly marriage meeting, where we addressed the importance of forgiveness between spouses and how it flows from the forgiveness we have first received from God. We encouraged couples to set aside time together to talk about this important topic and, if necessary, to extend forgiveness and grace to one another.

## Thanksgivings / Prayer requests

- Gratitude for His care, protection, and provision.
- Wisdom in raising our children.
- Wisdom and diligence in our ministry work in the church and at the school.
- For God's care in our upcoming trip to the U.S. for Dany's seminary graduation.
- Monthly support team.
